Business Asset Definition - investopedia.com

The term sale of assets refers to a business selling some or all of its property. This is frequently done as part of the sale or closing of a business or a merger between two businesses. The sale of assets for a business is more complex than for an individual. Prior to the sale, the businesses involved must draw up and agree to a business contract that describes how asset ownership will be transferred, how the sale will be funded and other details related to the sale.
