Fifty Things That Made The Drawing from the hugely popular BBC radio program and podcast "50 Things That Made The Modern Economy," I discuss the inventions that have transformed the ways we work, play and live. From the plough to artificial intelligence, from Gillette's disposable razor to Ikea's Billy bookcase, I recount each invention's own memorable story and introduce you to the characters who developed them, profited from them, and were ruined by them.

Fifty Things that Made the Modern Economy by Tim Harford ...
Fifty Things that Made the Modern Economy is a charming collection of anecdotes. It contains the kind of overarching ideas you'd expect from a book on inventions - whether inventions are more likely to come out of government intervention or are better left to the market, when the benefits of an invention do not make up for negative repercussions on those who lose out on its creation, etc.
