Impact Mapping usually take the form of

a mind map, or a hierarchical outline. Impacts Impact Mapping Impact Mapping Impact mapping is a lightweight, collaborative planning technique for teams that want to make a big impact with software products. It is based on user interaction design, Page 7/25

Impacts Impact Mapping

A process map takes that information and diagrams it visually. The visual aspect is key: If pictures are worth one thousand words, then a well-executed process map could be worth one million dollars (or more) in decision-making power. But the benefits go beyond making it easier to understand or simple

to grasp. Let's start with number one. 1.
