Les Miserables Audible Audiobook - Unabridged
Very well narrated, one of the most amazing stories ever written. Les miserables is a terrific insight into French history. Two thirds of the book doesn't advance the plot, but it is a description of French life with amazing attention to detail. It would be good if whisoersync for kindle was made available.

So I finally finished Les Misérables. It took me five months to listen to the whole thing, a 60-hour audio book. There were several points where I nearly gave up, and one where I actually announced on Facebook that I had given up. But I went back to it and I'm ever so glad that I did. Let me start by saying that this is a fantastic book.

Les Misérables: audiobook in French
Spent 2 hours a day, 5 days a week, for almost two months listening to all 5 volumes of Les Miserables. What a great book, but some of the history lessons were a little too long. Nice to know about Waterloo, French Revolution, French Slang Words, the Paris sewer system, etc, but way to much information.

This was my first read of Les Misérables. The unabridged sometimes went deeper into history and side tales than I expected but always came back to add depth to the story. If you don't have the patience for this the abridged may be a better option. Loved this book. Often could not put it down. 8 people found this helpful
