Browse the Microbiology section from Morton Publishing to find the perfect textbook for your higher education curriculum.

Microbiology | Textbooks | Morton Publishing

Excellent atlas of microbiology! This book does a great job illustrating many microbes that you would otherwise be unable to see. I thought this manual was a good compliment to the required textbook for the course, and it was very handy for use in lab. This is a loose-leaf book, so you will need to purchase a three-ring binder to house this manual.
