Reality TV competition series Survivor has been going strong now for 38 seasons, with the latest, Edge of Extinction, wrapping up in May 2019. And while we've seen more than three-dozen winners, these folks aren't necessarily the richest of the bunch. Their net worth is at least \$1 million, minus taxes, of course. Or at least it was at one point.

To highlight how the population of cancer survivors has changed in the United States, the National Cancer Institute and CDC studied cancer data collected during 1971--2001. This report summarizes the results of that study, which determined that the number of persons living with cancer increased from 3.0 million (1.5% of the U.S. population) in 1971 to 9.8 million (3.5%) in 2001.

Cancer Survivorship --- United States, 1971--2001

Survivors win campaign for law banning FGM/C. Advocates – including survivors of female genital mutilation/cutting (FGM/C) – led a campaign to ban FGM/C in Massachusetts. 400,000 signed their petition, which led the governor to sign a law banning FGM/C.
