Abstract. This chapter offers an overview of narrative theory as it has been applied in the field of Translation Studies. It starts by outlining the theoretical assumptions that underpin the narrative approach, and then explains and exemplifies two sets of conceptual tools used in the analysis of translation and interpreting events from a narrative perspective.

**Translation Quality Assessment: Past and Present ...**

Abstract. As with any form of translation, literary translation is a multifaceted, hybrid, complex and immensely interesting phenomenon. From an institutional point of view it may be looked upon as a specific form of literary reception and cultural mediation, as a form of cultural production taking place within a specific environment in the interface between two (often national) literatures ...
